

Lexington Placed Under Martial Law

Five Persons Killed and Scores Injured When Attempt is Made to Storm Court House

In spite of the fact that the Fayette county court house was surrounded by armed guards and hundreds of policemen and deputy sheriffs when the trial of Will Lockett, the negro charged with the murder of little Geneva Hardman was called Monday morning, excitement ran high and a crowd estimated at 10,000 paraded the streets near the court house and when an attempt was made to storm the building and lynch the negro five persons were killed and scores injured. The authorities did everything in their power to preserve order without avail, and it seemed that the mob was determined to take the negro, regardless of cost, until about 3 o'clock 400 troops from the First Division, stationed at Camp Zachary Taylor arrived on a special train and took charge of the situation. The city was at once placed under martial law and the stern oversea veterans soon had the situation well in hand and order was restored within a few hours.

The trial of the negro was very brief and within 35 minutes after Judge Kerr had rapped for order the negro had been sentenced to die in the electric chair and the date for electrocution set for March 11th at Ed-dyville.

The crime, with which the negro was charged and convicted was the most brutal in the history of Fayette county and Monday was the most exciting day ever experienced in the history of Lexington. Little Geneva Hardman, the murdered child, was known and related in this county having been born at Wades' Mill in Clark county.

Excitement ran high in this city yesterday and many from here went to Lexington. The occurrence was a very deplorable one, and the attempt to take the negro from the authorities is indeed to be regretted.

One of the parties injured was W. J. Reese, father of Mrs. Jack Owings, of this county, who was shot through the hip.

FISCAL COURT MEETS

Fiscal Court met in regular session here yesterday. Only routine business was transacted and a few claims were allowed.

ONE DOLLAR BUYS CHANCE TO MARRY HANDSOME STAR

Girls! Would you pay a dollar for a chance to win handsome Wallace Reid, the motion picture star, for a husband? Of course, he's happily married and has a little Wallace, Jr., and its only in his latest Paramount-

Arteract picture, "The Lottery Man," which is coming to the Tabb Theatre next week, that he offers this unusual opportunity to the ladies. And 300,000 of them jump at the chance.

Mr. Reid has the role of breezy Jack Wright, who, being young, good looking, in debt, and jobless, started a lottery with himself the prize, offering to marry the woman who drew the lucky number. It was too late to stop these rash proceedings when he fell in love with a pretty girl. To cap the climax, a homely old maid held the winning coupon.

The manner in which the star finally extricates himself from the mess and wins happiness and a fortune furnishes side-splitting entertainment. The picture was adapted from Rida Johnson Young's play of the same name. Wanda Hawley and Harrison Ford are included in the cast and James Cruze was the director.

At the Tabb Theatre, Tuesday of next week.

JUDGE MARSHALL TO TRY SALTER CASE

Governor Morrow has named Judge C. C. Marshall, of Shelbyville, to act as special judge in the case of the Commonwealth against Claude Salter which comes up in court here tomorrow. Judge Prewitt is not eligible to try the case on account of having been retained as counsel, before his appointment to the judgeship. Salter is charged with the murder of Green Cole, near Camargo, in the late summer. Both men are widely connected and much interest is being shown in the case.

CHURCH UNION PLAN ADOPTED

A plan for organic union of Protestant churches in America was adopted in Philadelphia on the 5th, by delegates representing approximately thirty denominations after a three-days' discussion. The new movement will be under the guidance of the American Council on Organic Union of the Churches of Christ, a name officially selected by the delegates. Catholics and Southern Baptists will not co-operate with protestants in this movement.

A slump in prices is expected to reach this country during the year 1920.

The Old National Damaged By Fire

Flames Broke Out Saturday Shortly Before Midnight and Considerable Damage Was Done

The fire department was called out Saturday, shortly before midnight, to extinguish the blaze on the third floor of the old National Hotel building, which has recently been converted into apartments. The fire originated in the flat occupied by Mr. and Mrs. Daniel Boone, and rapidly spread to the other apartments. Their baby daughter and Mrs. Boone's young sister were alone in the flat at the time, and awakened barely in time to escape being burned to death. The ground floor of the building, which is occupied by the H. H. Pieper Co., and the Lee Jones barge shop, was slightly damaged by water. The building is owned by Mrs. J. W. Barnes and the total damage amounts it is thought, to something over \$5,000, partially covered by insurance. Many other occupants of the building lost clothing and other valuables. Seven rooms were practically ruined.

MRS. LUCY B. BROWNING DIES IN CLARK COUNTY

Mrs. Lucy B. Browning, aged 69 years, mother of Virgil Browning, the popular grocer, of this city, died at her home in the Beckerville neighborhood of Clark county about 4 o'clock this morning of Bright's disease. Mrs. Browning had been in poor health for some time and her death was not unexpected. She was born in the neighborhood where she died, being a daughter of the late Sam Woodford. She had long been a member of the Christian church and was a most excellent woman, widely known and much beloved. Besides her husband, H. B. Browning she is survived by five children, Mrs. W. H. Ledford, of Ohio; Mrs. Emmett Ledford, Mrs. Lucy B. Scott and Buckner Browning, all of Clark county, and Virgil Browning, of this city. Funeral arrangements had not been made at the hour of our going to press.

MRS. AMANDA H. WRIGHT

Mrs. Amanda Hackworth Wright, widow of George S. Wright, died on Thursday morning of pneumonia at her home in Shelbyville. She was 86 years old and is survived by two sons, Joe Wright, that city, and David G. Wright, Lincoln, Neb. She also leaves two sisters, Mrs. Helen A. Jones, of Louisville, and Mrs. Kate Ware, Hemphridge.

Mrs. Wright was an aunt and great aunt of the editor and associate editor of the Advocate. Aunt Amanda was one of the very best women and for her the future is rich in rewards.

DUES NOW DUE

The national dues of the Montgomery County Chapter of American War Mothers are now due. The amount is twenty-five cents for each member, which must be promptly paid in order that the chapter may maintain good standing in the State and national organization. Each enrolled member is requested to leave her dues with Mrs. Bassett at the Rest Room or to send them directly to Mrs. Mary Winn Lockridge, the treasurer of the local chapter.

MRS. A. B. OLDHAM, County War Mothers.

HOME TALENT PLAY

The three-act Farce Comedy "All a Mistake," will be given by home talent in the auditorium of the Camargo Consolidated School February 17th, 7:30 P. M. The program will make the young people feel happy and the older ones feel young. Come bring your friends and help enjoy the evening.

HOOVER FOR PARTY THAT ENDORSES LEAGUE OF NATIONS

Herbert C. Hoover has issued a statement defining his attitude toward the presidency.

He announced that he is not a candidate for the nomination and that no one is authorized to speak for him politically.

If the League of Nations is made an issue in the election he says he will vote for the party that stands for the league.

In response to requests that he declare allegiance to either one or the other of the great political parties, Mr. Hoover says he will wait until it is more definitely decided what the party managers stand for, and will "exercise a prerogative of American citizenship and decline to pledge my vote blindfolded."

His statement follows:

"In order to answer a large number of questions all at once, let me emphasize that I have taken a day off from the industrial conference in Washington to come to New York solely to attend to pressing matters in connection with the children's relief.

"I want to say again I have not sought and am not seeking the presidency. I am not a candidate, I have no 'organization.' No one is authorized to speak for me politically.

"As an American citizen by birth and of long ancestry, I am naturally deeply interested in the present critical situation. My sincere and only political desire is that one or both of the great political parties will approach the vital issues which have grown out of the war and are new, with a clear purpose looking to the welfare of our people, and that candidates capable of carrying out this work should be nominated.

"If the treaty goes over to the presidential election (with any reservations necessary to clarify the world's mind that there can be no infringement of the safeguards provided by our constitution and our nation-old traditions) then I must vote for the party that stands for the league.

"With it, there is hope not only of the prevention of war, but also that we can safely economize in military policies, there is hope not of earlier return of confidence and the economic reconstruction of the world.

"I could not vote with a party if it were dominated by groups who seek to set aside our constitutional guarantees for free speech or free representation, who hope to re-establish control of the government for profit and privilege.

I could not vote with a party if it were dominated by groups who hope for any form of socialism, whether it be nationalization of industry, or other destruction of individual initiative.

"Both the extremes, camouflaged or open, are active enough in the country today. Neither of these denominations would enable those constructive economic policies that will get us down from the unsound economic practices which of necessity grew out of the war, nor would they secure the good will to production in our farmers and workers or maintain the initiative of our business men. The issues look forward, not back.

"I do not believe in more than two great parties. Otherwise, combinations of groups, could as in Europe, create a danger of minority rule.

"I do believe in party organization to support great ideals and to carry great issues and consistent policies. Nor can any one man dictate the issues of great parties.

"It appears to me that the hope of a great majority of our citizens in confronting this new period in American life is that the great parties will take positive stands on the many issues that confront us, and will select men whose character and associations will guarantee their pledges."

Prof. Cox Gassed In School Laboratory

And Is In A Serious Condition—Two Others Also Affected—Explosion Disastrous

While at work in the laboratory of the city schools here yesterday Prof. Meredith Cox, instructor of chemistry, was severely gassed by the explosion of a container holding chlorine gas. Two members of the class, Miss Ruth Darsie and Miss Elizabeth Horton are also suffering from the effects of the fumes. Prof. Cox remained in the room several minutes after the explosion and is in a serious condition. He was removed to his apartment in the home of Mr. and Mrs. John Gatewood and is now under the care of three physicians and a trained nurse.

The gas is similar to that used by the Germans, with such deadly effect, in the trenches, and grave fears are entertained that Prof. Cox may not recover.

APPOINTED DISTRICT AGENTS FOR FRANKFORT

Jeffers & McCoun have been appointed district agents at Frankfort of the Pacific Mutual Ins. Co., of California, through the H. G. Hoffman General Agency of this city, for a territory of five or six counties in that vicinity. Mr. McCoun being an old Mt. Sterling boy, makes this information of quite a bit of interest to his friends here at his old home. Mr. McCoun, it will be recalled, at the beginning of the war entered the aviation corps of the French army, later when the U. S. got into "the late unpleasantness," being transferred to the American army. He was discharged last year as a Captain, receiving while in the army what we believe the highest honors bestowed upon any Kentuckian "of these parts" — the Croix de Guerre, with two citations, the French Volunteer Medal and four-ranger of the Croix de Guerre, crediting him with three German planes. It is the prediction that he will attain equally as high honors as an "Ace" among the Pacific Mutual's leading producers. At any rate, "here's hopin'".

Y. W. C. A. WORKER SPEAKS

Miss Agnes Hill, international war worker, spoke to a large and enthusiastic audience at the Presbyterian church in this city Friday afternoon in the interest of the Y. W. C. A. The high school was dismissed an hour earlier that the girls and the teachers might have the privilege of hearing Miss Hill.

DIED IN ARIZONA

T. T. Brown died in Tucson, Ariz., Wednesday, February 4, from tuberculosis, aged 48 years. Remains are expected to reach here about Thursday. After services at the grave, conducted by Rev. R. C. Goldsmith, remains will be buried in Machpelah Cemetery. Since a small boy he has been identified with the Baptist church. For more than 15 years he has been a conductor in the Pullman service and was popular with the traveling public. About 15 years ago he was married to Miss Carrie Stephens and have made their home in Cincinnati until he was attacked by the white plague and notwithstanding desperate efforts, it brought him to the grave. He is survived by his wife, two sisters, Mrs. T. D. Moore and Mrs. Sarah Drake, of this city, and one brother, Edward Brown, of Louisville.

DR. ISHMAEL DIES IN CLARK

Dr. J. W. Ishmael, for 36 years a leading physician of Clark county, died Friday morning at his home in Winchester after a two weeks' illness of pneumonia.

Dr. Ishmael was born in Nicholas county 70 years ago. He was a graduate of the Jefferson Medical College, in Philadelphia, and finished his medical education in Berlin, Germany. He practiced for 16 years in Robinson county and came from that county here 36 years ago. He was for a few years in partnership with Dr. M. S. Browne, practicing under the name of Browne & Ishmael. For many years he has been the senior member of the firm of Dr. Ishmael & Ishmael, of which his only son, Dr. Robert Ishmael, was the junior partner.

Funeral services were held Sunday afternoon at the family residence, with burial in the Winchester Cemetery.

ALLEGED LIQUOR VIOLATOR HELD TO BOND

Billy Wilson, arrested here several days ago by federal prohibition officers Neale Guilfoile and G. L. Hannen, charged with violation of the prohibition laws, was brought before U. S. Commissioner W. H. Wood Saturday. Wilson waived examining trial and was held under \$500 bond to appear before Judge Cochran March 9.

TOBACCO BARN BURNS

The ten-acre tobacco barn owned by J. Carroll Hamilton, eight miles from Mt. Sterling, with its contents of 10,000 pounds of tobacco, was destroyed by fire Friday. The building was covered by insurance, but the crop was uninsured. The origin of the fire is not known.

Don't Prod Your Liver to Action

NR Overcomes Biliouness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system, with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliouness, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or no pay. Nature's Remedy (NR Tablets) is sold, guaranteed, and recommended by your druggist.

RETURNS MUST BE COMPLETE

A word of warning to income tax payers is contained in a statement given out last week by Internal Revenue Collector Elwood Hamilton, who points out that returns must show all items of taxable income for 1919.

"Guesswork, estimates and other hit-or-miss tactics are barred when a person is making out his income tax return. Accuracy and completeness must be insisted upon. And remember, the return is a sworn statement; as such it must be thorough and accurate."

Salaried persons and wage-earners must not confine their returns to figures showing a year's pay at so much a day or so much a week. The actual amount drawn should be ascertained and reported. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer, and a number of other items of similar nature, which are compensations for services, are taxable as part of the year's earnings and must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

Premiums paid by an employer for life or other insurance in favor of

OPENS NATIONAL G. O. P. HEADQUARTERS

employees is additional compensation to the employees.

The income tax does not apply to amounts received under accident and health insurance, or under workmen's compensation laws; and damage recovered by suit or settlement for injuries or sickness is also exempt.

Tips received by waiters, porters and others are taxable income for such donations are in recognition of services and are not gifts.

A pension paid by an employer or by the U. S. government is taxable income. A widow who received payments in recognition of the services of her late husband may construe such payments as gifts.

Aside from what a person may earn by his services, there are many other sources of income. He must include in his annual reckoning the gains he made in business and other ventures; also the income that his money and property earned.

It may not be of much interest to you, Mr. Visitor, but the fellow who asks you how you feel today doesn't want to listen to a lot of symptoms. Remember that.

FIRST HUDSON EVER MADE IS STILL RUNNING

Proof that the limit of Hudson endurance has never been reached is to be found in the fact that Hudson No. 1, the first ever built, is still in daily service in Poughkeepsie, N. Y. This car was shipped from the factory on July 3, 1909, or more than ten years ago.

Since then this car has run more than 200,000 miles, or an average of more than 20,000 miles a year. Its owner is Joseph P. Davis, who is just as proud of his Hudson and its performance as is the latest owner of his Super Six.

Although lacking some of the later day refinements, such as a self-starter and electric lights, Hudson No. 1 looks hale and hearty and is fully capable of outperforming many cars turned out today. In fact, a critical inspection of the car is like looking at a wonderful old portrait. The first feeling of amusement at the faded masterpiece is soon superseded by admiration of its lines of strength and character.

Although the body of this first Hudson sits rather high up in the air, there is no sign of sagging in the frame, which is as rigid as when it left the factory. The upholstery is in the old tufted style, but is in a remarkably fine condition, although slightly bleached by exposure to the weather. Springs, bearings, steering gear, transmission and all other mechanical units are still capable of untold thousands of miles more of satisfactory service.—Adv.

CHRISTIAN ASSOCIATION

Among the young men of the county and city is a movement looking to the organization of a Y. M. C. A. to be followed by a campaign to raise sufficient funds with which to build a modern home. The country is full of money, the people are free with it and now is the time to effect the organization and put on the campaign. We give hearty approval to the contemplated effort and pledge our support. We would hail with joy another enterprise, the beginning of a work by our women that would result in a like organization and building for a Y. M. C. A. Many cities of less enterprise than Mt. Sterling have both organizations as above mentioned, and why not Mt. Sterling? Now is the time to start such campaigns and now is the time to build.

PHYSICAL HEALTH EDUCATION

A bill now before the Kentucky Legislature to provide physical education and training for all pupils in the common, graded, State Normal and all other public schools of the State, supported wholly or in part by the State, is a splendid one and is backed by the leading educators of the Commonwealth. This bill if enacted into law would do much to reduce the death rate in this State, and would reduce sickness to the minimum. Thirteen States in the union now have a similar law and it is accomplishing wonderful results. It is sincerely hoped that this bill will become law and we urge our representatives to get behind this measure.

THANKS UNCLE BILL

A "SEMI" NOW

The Mt. Sterling Advocate will, from now on, issue a semi-weekly, and if they keep the pot as hot in the new venture as they did when it only appeared once-a-week, they will be million dollar news boys by Spring.—The Commonwealth, Somerset, Ky.

Say, Uncle Bill, did you know we are just moving along with the people of these parts? They are going some, and we just "have to" keep pace, Uncle Bill, were it not for the appearance of the exchange of bouquets we would pass back the words, "You are going some, too."

HOMES IN DEMAND

Just two days ago we were informed by one of our citizens that his rented home had been sold and that he was notified to give possession. He had looked in vain to find shelter for his family and it has become necessary to send his wife and children to live with parents in Eastern Kentucky while he and his son remain here to ply their trades. This is only one instance out of many. Rents are high and nothing would pay a better dividend than building houses, so we suggest that our money'd men get busy and supply the demand for houses.

ORGANIZED LABOR THROWS HAT INTO POLITICAL ARENA

Organized labor, 3,000,000 strong, has thrown its hat into the political ring.

Vigorously denouncing Congress, which it was said, "has failed its duty," the American Federation of Labor has announced the appointment of a national, non-partisan political campaign committee which will mobilize trade unionists and "all lovers of freedom" in an effort to defeat candidates indifferent or hostile to labor and to select "true and tried" friends of the trade union movement.

Not waiting for the general election in November, the campaign will be started immediately and pursued without relaxation through the primaries, in which, it is stated, all aspirants for office will have their records "analyzed, stated in unmistakable language and given the widest possible publicity." This program applies to all candidates, from Presidential nominees down.

Miss Georgia Dunn, of the Kentucky Children's Home Society, lectured in chapel Friday morning. She made a stirring appeal for the worthy cause for which she is so diligently laboring.

The following program was delivered by the Emersonian Literary Society:

"Kosmikal Kosmadrums," Elsie, George and Rena Steele; Original Story, Robert Moss; Music, Clara Foley; Humorous Recitation, Myrtle Holder; Bits of Fun, Bessie West; An A B Student in the Primer, William Mason; Recitation, Hobart Grooms; Grumbler, Frances Drennen; The Advantages and Disadvantages of Teaching School, Edna Hastie; Critic, Miss Bernice McClure.

To Avoid the "Flu"

First of All, Make Sure Your Blood is Red and Rich—In Fighting Trim

SALETY IN VIGOROUS BLOOD

If You're Listless and Depressed Don't Delay a Minute—Get a Good Tonic

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous, as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realized your poor physical condition too late.

Physicians have been recommending Pepto-Mangan for years, in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years success. Take no chances with a run down condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude." The full name should be on the package.—(Advertisement).

BULLETIN NO. 2

"FLU"

WHAT TO DO TO PREVENT OUTBREAK HERE

There is no need of becoming alarmed over a few scattered cases of influenza.

Worry and fear never prevented spread of any disease. There is need of taking warning from the recurrence of the flu in Chicago and other cities and observing the necessary precautions to prevent an outbreak in Mt. Sterling.

Recurrence of influenza in different parts of the country is not at all comforting, and despite reassuring reports from the census bureau, our optimism at times gives way to grave concern, for the fact must be frankly faced that science has not yet revealed any successful specific measures against influenza.

While the cause of last year's plague still is unknown, one thing is certain—that the disease is communicable from person to person. Everything which increases personal contact within the zone of infection should be regarded as a factor in spreading influenza. Such factors are soiled hands, common drinking cups, improperly cleaned, eating and drinking utensils in restaurants and soda fountains, roller towels and infected food. These are only a few of the common vehicles of germ transmission.

Immunity Is Greater

The epidemic of last year undoubtedly raised the mass immunity of our population. This should not give us a false sense of security. We must avoid exposure to the disease.

This leads to the subject of sanitary isolation, which undoubtedly is the most important single measure in the control of influenza. Each case should be isolated until the patient is no longer a source of infection. The patient and physician must take the initiative in the enforcement of this measure. Mild, unrecognized ambulatory cases are responsible for most of our trouble. We are conscious of our limitations, for who shall say where a cold ends and influenza begins?

Isolation of those who manifest the first symptoms of influenza and popular education are the only justifiable general methods known at present.

"WHAT TO DO BEFORE TAKING IT"—Get your life insured for all you can pay for—is what we say. THINK! HOW MANY OF YOUR DEAR FAMILY AND FRIENDS DID THE DREADFUL FLU TAKE AWAY? Life Insurance of an ADEQUATE AMOUNT is the only SURE way to protect your family, and the time to provide it is NOW

Mrs. Yeaman will accompany him to that State.

"OH DADDY"

A real heartily laughable musical comedy is "Oh Daddy," which will be here Saturday, February 14 at the Tabb Theatre. This play is replete with joyous laughs, humorous complications and absurdly funny situations. It's one prolonged laugh from start to finish and the introduction of some twenty musical numbers are an additional attraction. The musical selections are all the latest successes and are sung by a company and chorus with unusually fine voices.

The magnificent gowns worn by the principals and chorus are real creations designed by the great Lester, the man modiste who designs the extensive wardrobe of Eva Tanguay and many other high class artists and is said to be the wonder and envy of all womankind.

NO REASON FOR IT

When Mt. Sterling Citizens Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Mt. Sterling citizen says:

Mrs. L. B. Wren, 117 Locust street, says: "Several years ago I had an attack of kidney trouble. I suffered with my back, felt dull and tired and had dizzy nervous headaches. My kidneys acted irregularly, too. I read of Doan's Kidney Pills and used them as directed. They helped me by relieving the backaches and other symptoms of kidney trouble."

ESSAY CONTEST

A national essay contest for the school children of the United States on the subject "What are the benefits of an Enlistment in the United States Army" has been inaugurated under War Department auspices. It is open, without entry fee, to pupils of all schools in America, except colleges and universities. Students of public graded or high schools, private schools, sectarian or non-sectarian, white or black, red or brown, male or female, American or foreign-born, are eligible to compete.

The rules of the contest are as follows:

Essays to be written in the classrooms, on Friday, February 20, 1920. No essay to be more than 400

words in length.

Pen and ink or pencil may be used, but only one side of the paper to be written upon.

Essays will be judged strictly on a basis of originality, expression and sincerity.

A board of three teachers in each school will pass upon the essays written in their school and submit.

The 50 district recruiting officers will appoint boards of judges in each of their districts to select the best essay submitted by the schools of their district. Each district recruiting officer will then forward the best essay written in his district to Washington.

The 50 essays will then be passed upon by a national board, composed of Secretary of War Newton D. Baker, General John J. Pershing, who commanded the A. E. F., and General Peyton C. March, Chief of Staff, U. S. Army. They will pick the three best essays and declare them the national

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

winners on April 19, 1920.

On May 5th these national winners, accompanied by parent or guardian and the district recruiting officer, will come to Washington to receive prizes from the hand of the Secretary of War, as the guests of "The Come-Back" published in the interest of the patients at Walter Reed Army General Hospital, D. C., which will also provide the prizes for the national winners. The best essay written will receive a gold medal, embossed with the seal of the War Department, while the school he represents will receive a handsome silver loving cup, standing 18 inches.

The second best essay writer will receive a silver medal and his school a 14-inch silver loving cup. The third prize winner will receive a bronze medal and his school a 12-inch silver loving cup. The cups and medals will be of the same designs and appropriately engraved. All cups are of Sterling silver.

In addition, Colonel Henry H. Pfeil, F. A., recruiting officer for the district, Louisville, Ky., will award a silver loving cup, suitably inscribed, and valued at \$25.00, to be given to the writer of the essay selected by him as the best in the district.

The district of Louisville comprises the State of Kentucky, less Harlan, Bell, Whitley, Campbell, Kenton and Boone counties, and includes Henry county, Tenn. and Floyd, Clark and Harrison counties in Indiana.

The names of the members of the board of judges in this district will be announced later.

The board of teachers of each school, throughout the district will mail the essays selected by them, addressed as follows:

SEATS ON SALE AT LAND AND PRIEST'S

GOES TO LEXINGTON

C. M. Ratliff, who recently disposed of his residence property here, has purchased a residence on Walnut street, Lexington, and will remove there about March 1. Mr. Ratliff and family number among our very best citizens and their going will prove a valuable acquisition to Lexington circles.

A woman hates to have a female friend call on her when her husband is around the house, because her husband, as like as not, will get sulky and refuse to speak to the caller.

It is all right to bow cheerfully to hard luck when he insists on humping into you. But you do not have to make a bosom friend of him.

Sometimes a married man gets so used to lying to his wife that he can't tell the truth when he meets his friends.

More men would become hermits if they weren't about as tired of themselves as everyone else.

Prohibition would be a good thing if it would only prohibit preachers from becoming politicians.

WRITTEN AND COMPOSED
BY LOUIS A. HARRIS

(To Harry Warfield)

The following poem was written by a convict to a friend just prior to being electrocuted:

As I am about to leave this world,
And my troubles will soon be thru,
I thought I would write you just a
few lines
To let you know that I'm thinking
of you.

I wrote you many a letter,
But no answer did I ever receive.
I guess you was having too much fun
That you could not think of me.

When the guard would come around
with mail,
I would feel a whole lot better,
Thinking perhaps my little friend
Had at last wrote me a letter.

But after he would pass on by my
door,
I would drop my head and sigh,
Just to think you would not write to
me,

When you knew the sixth of June
I must die.

And all those things I gave you,
I have only this to say;
Will you please keep my dying re-
quest,
And never sell or give them away.

It was Tuesday morning, the sixth of
May,
And we were talking at my cell
door,
When we shook hands and said good-
bye,
I knew I would never see you any
more.

Now when you leave the Houses of
Reform,
You will be a young man, I guess,
And then you will start out in this
world
Upon your road to success.

Now when you face this wide, wide
world,
And before you are in it long,
You will find that you have plenty
of friends
As long as you continue to do
wrong.

Now if you gamble and run around,
Friends—you will have a plenty,
But after you get into serious trouble,
Friends—you will not have any.

After you become a full grown man,
And see things in a different light,
You will find that everyone will help
you do wrong,
But very few will help you do right.

Now when you step out into this
world,
You will have to chose your stand;
Don't take a gambler's or drunkard's
life,
But choose that of a respectable
man.

Don't be a man who is always break-
ing the laws,
And then you will never have to
hide,
But be a man who can face the
world,
And look everyone square in the
eye.

I did all I could in this world for you,
Now will you do this for me:

PUBLIC AUCTION

Splendid Bluegrass Farm OF LIMESTONE LAND

As agent for Mr. and Mrs. S. S. Estill, of Mt. Sterling, Ky., I will offer for sale at
the Courthouse door, on

MONDAY, FEBRUARY 16th

(COUNTY COURT DAY)

at the hour of 1:45 o'clock, their splendid Blue Grass farm, containing

ABOUT 102 ACRES

This farm is located on the Mt. Sterling and Stepstone pikes, about 5 miles from the city, and two miles from Ewington, a shipping point on the Chesapeake & Ohio R. R. The farm will first be offered in two tracts and then as a whole.

TRACT NO. 1—Contains about 72 acres of good limestone land, with the improvements, which consist of a good frame dwelling house of six rooms, 7-acre tobacco barn, corn crib, stock stable, and all necessary outbuildings. Good rich garden spot, and old orchard with some fine fruit trees. Nearly all of this tract is in Blue Grass sod, some of which has not been plowed in seventeen years. It has had plenty of manure and is rich and ready for tobacco. With the exception of the pike frontage of this farm, along the Stepstone pike, the land lays well and practically all of it can be cultivated. This tract is well watered by springs and two ponds. The outside fencing is good, except along the rear of the farm, and the wire is there to build a new fence. This land fronts on the Stepstone pike, and is close to Corinth church.

TRACT NO. 2—Contains about 30 acres of unimproved land and will front on the Turley pike. Most of this tract has been plowed in corn and tobacco and is in high state of cultivation. It is well fenced and watered and lays well.

After the tracts have been sold separately they will be sold as a whole. The Estill farm has been carefully handled as far as cultivation is concerned and has never been hurt and there is plenty of rich, limestone soil on the farm. It is well located, in good neighborhood, close to church and school, and if you are in the market for a good small tract of land, this farm offers you one of the best opportunities that has been presented to land buyers in many years.

Right between two railroad stations, which are both shipping points, the location is ideal for stock raising, and you do not have to drive or haul your stock ten or twelve miles to a railroad station.

I believe this farm to be a real good one, and think that the sale gives to land buyers a real chance to own a good piece of dirt at their own figure.

Come in and see me and let us talk this land over, or we will be pleased to take you and show you over the place.

TERMS WILL BE MADE KNOWN ON DAY OF SALE

SUBDIVISION SALE OF SPLENDID BLUE GRASS FARM FRIDAY FEBRUARY, 13, at 10:30 A. M.

WE WILL SELL AT AUCTION NINETY ACRES OF GOOD LAND

Known as Tom Jones farm, located one mile from Pine Grove Station on C. & O. Railroad on Becknerville pike, about seven miles from Winchester in Clark county. There is no better type of soil to be found and the farm is in a good state of cultivation. About fifty acres in grass. Quite a little virgin soil and timber. The farm is especially well watered. A good, strictly modern frame bungalow of eight rooms. Furnace, private water system, and elegant bath, Delco lighting plant that lights both dwelling and barns. The home is situated a nice distance from the pike in wooded lawn of old forest trees. Tenant house, a splendid stock barn, tobacco barn for 12 acres. All improvements in extra good condition. Right at school. It is seldom indeed that one has a chance to purchase such an improved and strong tract of land.

We will sell 63 acres with the main improvements, 27 acres with the good tenant house and water supply. Both tracts have much pike frontage and the lay of the entire farm cannot be improved upon.

We cannot overdescribe this farm. Seeing is believing.

Just try to be a good little hoy,
And stay away from bad company.

Bad company will finally get you in
trouble,
And cause you many a weary
night;
And then you will wish you bad of
listened,
And chosen the other life.

A lot of people put off things,
And sometimes to their sorrow;
Anything that you can do today,
Don't put off until tomorrow.

Now you are nothing but a boy,
You don't know the doings of fate;
Think over and consider my advice
now,
For if you put it off it may be too
late.

I have never told you anything wrong,
And I am sure I would not do it
now.
You can have as much fun by doing
right,
As you can in some low-down
crowd.

If I had of thought that when you
face this world,
That you was going that low-down
way,
I would have wished you dead long
ago,
And moulded in your grave.

But as I am about to leave this world,

Of happiness, sorrows and love,
I feel it deep down in my heart
That you will make a man for our
race to be proud of.
Out of all these things I have told
you,
It is up to you to decide;
But you can make a fine success
If you will only try.

As the guards are now coming in,
I will not write any more;
So I guess I will bring my letter
To a last farewell close.

The guard is now unlocking the door,
Any my time is near.
For in about five minutes more
I will be dead in the electric chair.

As they are now waiting for me,

I have said all that I can say,
For I am going to pay that debt
That we all must pay some day.

So good-bye, good luck, may God
bless you,
And guide you until the end,
And may you have the very best of
success,
For this is the last wish of your
true dying friend.

"OH DADDY"

Kilroy-Britton's tuneful musical
comedy, "Oh Daddy," will be seen at
the Tabb Theater on Saturday, Feb-
ruary 14. There can be no doubt
"Oh Daddy" will prove one of the
biggest musical plays to put in at this
port this season. It has been praised
in the most complimentary language
by the New York and Chicago dram-
atic critics, where it had a long and
successful run.

The books and lyrics are by Rich-
ard C. Maddox and the music by T.
H. Willhite, a pair that knows all the
ins and outs of building musical com-
edy. "Oh Daddy" will appear at the
Tabb Theater one night, Saturday,
February 14, and Manager Small al-
ready has reported a heavy sale of
tickets.

—Chesterfield 1

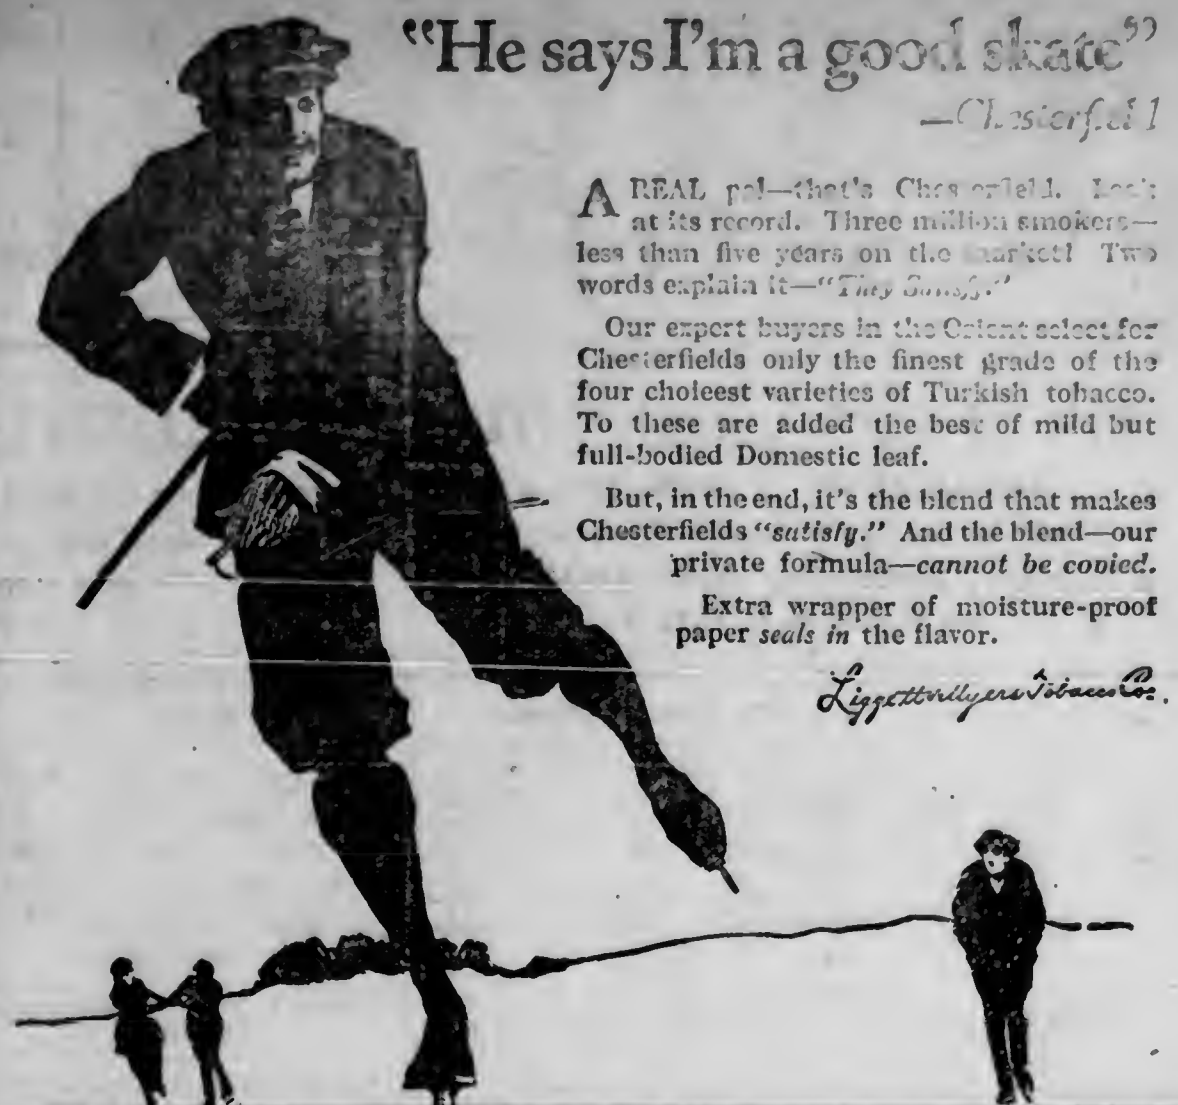

A REAL pal—that's Chesterfield. Look
at its record. Three million smokers—
less than five years on the market! Two
words explain it—"They Satisfy."

Our expert buyers in the Orient select for
Chesterfields only the finest grade of the
four choicest varieties of Turkish tobacco.
To these are added the best of mild but
full-bodied Domestic leaf.

But, in the end, it's the blend that makes
Chesterfields "satisfy." And the blend—our
private formula—cannot be copied.

Extra wrapper of moisture-proof
paper seals in the flavor.

THE INDIAN IS CHANGED

Ever since J. Fenimore Cooper's
time the white inhabitants of the
world have held queer and diversi-
fied ideas as to the character of the
North American Indian. These con-
ceptions ranged from the ideal of the
noble savage as portrayed in "Deer-
slayer" and the "Last of the Mo-
hicans" to the belief of the frontiers-
men of the '80's that the only good
Indian was a dead Indian.

The modern representatives of the
original inhabitants have had to
shoulder a reputation for sloth laziness
and general uselessness in many
cases. That this latter conception
may be no more accurate than the
ideals of Cooper is indicated by the
latest report of Cato Sells, commis-
sioner of Indian affairs. Mr. Sells
shows that the 232,196 Indians in the
United States earned last year \$12,-
802,547. They hold over \$1,000,000
in War Savings Stamps and are buy-
ing more regularly.

They subscribed over \$4,000,000 to
the last Victory Loan and their Lib-
erty Bond holdings aggregate over
\$25,000,000. With these figures of
thrift and industry and wise invest-
ment in view "Lo the poor Indian"
no longer seems to fit as an appella-
tion.

2991-2 ACRES BLUEGRASS LIMESTONE LAND PUBLIC AUCTION Thursday, Feb. 12, 1920

As agents for Vice Brothers, I will sell at public auction, (if not sold privately be-
fore), their farm of 2991-2 acres of good, limestone land, lying on the Wade's
Mill pike, one mile and a half from Wade's Mill, Clark county, and adjoining the
lands of Lawrence Gillaspie, Frank Rogers, Etc. This farm is now occupied by Mr.
Baber, and has on it a seven-room house, tenant house, ten-acre tobacco barn, 200
barrel corn crib, springs, pond, Etc., and is a good one. The land has not been
taken the best of care of, but there are over 125 acres of sod land, ready for to-
bacco. The soil is rich and grows the very finest color tobacco at all times, and the
crop this year is no exception. There is considerable big timber, such as walnut,
oak, lynn, locust, etc., indicating the wonderful strength of the land. There is a
good pike frontage, good neighborhood, on rural route and telephone line, and the
farm is within one mile of a good school. A frame tenant house on the land.

The farm will first be offered in two tracts and then as a whole.

Most of the farm is in clover, timothy and blue grass sod.

It is the best proposition that has been offered under the hammer for many a
day. As an investment proposition it can't be beat.

If you want a money maker you do not have to look further.

Look the property over and come in and see me.

Farm will be sold on the premises, about 2 1-2 miles from Sewell's Shop at
11 o'clock, A. M., on the date announced.

TERMS—Divided into three payments.

THE PRODUCE MARKET

The fall in the rate of exchange has materially affected the market on food stuffs and conditions are rather unsettled on produce products.

Butter—While receipts are not as heavy as a year ago, indicating a lighter production, there is a large reserve stock in storage, as shown by the figures of stocks in Chicago, New York, Boston and Philadelphia on February 4th—comparison is as follows:

February 4, 1920, 28,077,651 lbs.
February 4, 1919, 20,420,146 lbs.
Excess, 7,657,505 lbs.

It is understood part of this excess is owned by foreign governments, and it is possible they will sell part of their butter in this country. Regular shipments are being made from Denmark and the Argentine, the rate of exchange being favorable to foreign owners.

Butter received from Denmark so far is of very fine quality, and is being diverted to the United States on account of the depreciation of the German mark and limit on the selling price in England. The United States markets are slightly lower, although this situation has not yet affected country prices.

Eggs—Receipts are increasing very slowly, but were slightly in excess of requirements and there has been a moderate decline in prices during the week. This is a seasonable condition and further decline may be looked for as receipts become heavier.

Poultry—The high prices prevailing are curtailing consumption and there is generally an easier feeling in the larger markets. If this condition continues, some changes in market prices will probably result.

TOBACCO MARKET SLIGHTLY LOWER THAN LAST WEEK

Tobacco continues to be brought in as fast as the three big warehouses can handle it. The prices on the lower grades are slightly less than last week, while the better grades are bringing as good prices as at any time this season on any of the markets. About five and a half million pounds have been sold on the local market, with probably one million and a half yet to be brought in. The market will likely not close here until the middle of March.

THE PLAY OF THE SEASON

The play of the season in this city will be "Oh Daddy," Richard C. Maddox's big musical comedy of youth with Clarence Buckas and Grace Manlove at the head of the cast of well known artists, together with a bevy of beautiful girls, making an entertainment of rare enjoyment. The musical numbers are by T. H. Willhite, and are of the whistly kind, and are put on with snap and "pep" that makes the two hours and a half pass away all too quickly. "Oh Daddy" will be the attraction at the Tabb Theater on Saturday, February 14. Seats go on sale Thursday.
